

THE BRUSKE BRUSH™

THE ULTIMATE SWEEPING TOOL... The Bruske Brush is absolutely perfect for heavyweight and lightweight needs, indoors or outdoors, on any surface. It's a sweeping tool you can depend on. The Bruske Brush is constructed with the finest bristle materials, miracle synthetic or natural fibers, that are extremely durable and are not affected by acids, alkalis, or most solvents. The Bruske Brush keeps on sweeping... wet or dry... under the most adverse conditions. Bruske Brushes last up to ten times longer than ordinary floor brushes.

For 13", 17", and 23" Bruske Brushes, order #6032 hardwood or #6132 all steel "Miracle-Tip" handles separately. For 29" and 35" sizes, we suggest you order the 1 1/8" #6031 hardwood handle.

SUPER FINE YELLOW BRUSKE BRUSH... is made of flagged, super-soft, resilient synthetic bristles for sweeping fine dust on smooth tile, concrete or wood floors. Perfect for use in chemical and food processing plants or any other environment where fine dust particles are a problem.

Brush Size	13"	17"	23"	29"	35"
Brush Model No.	2121-B	2122-B	2124-B	2126*	2128*

ALL PURPOSE RED BRUSKE BRUSH... is a blend of soft resilient synthetic bristles for sweeping smooth tile, concrete or wood floors. It's the perfect brush for use in sweeping fine dust and light refuse in school institutions, commercial buildings, factories, chemical plants and food processing plants.

Brush Size	13"	17"	23"	29"	35"
Brush Model No.	2111-B	2112-B	2114-B	2116*	2118*

FINE BLUE BRUSKE BRUSH... is made of flagged or exploded solvent resistant synthetic bristles for sweeping fine particles even on rough surfaces in any work environment... factories, warehouses, food processing and chemical plants, hospitals, schools and commercial buildings. Not intended for oily or greasy conditions.

Brush Size	13"	17"	23"	29"	35"
Brush Model No.	2131-B	2132-B	2134-B	2136*	2138*

*Indicates #6002 metal brace for 29" and 35" Bruske Brushes are included with brush. #6001 Floor Scraper can be ordered separately.
